#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Children's Aid Society Southern Pennsylvania District - Church of the Brethren New Oxford, Pennsylvania

### Report on the Financial Statements

We have audited the accompanying financial statements of Children's Aid Society, Southern Pennsylvania District - Church of the Brethren (Organization) which comprise the statements of financial position as of June 30, 2013 and 2012, and the related statements of activities, cash flows and functional expenses for the years then ended and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Children's Aid Society, Southern Pennsylvania District - Church of the Brethren as of June 30, 2013 and 2012, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### NOTES TO FINANCIAL STATEMENTS

## Note 1. Summary of Significant Accounting Policies

<u>Nature of Operations</u>: Children's Aid Society, Southern Pennsylvania District - Church of the Brethren (Organization) was established in 1913 and incorporated under the nonprofit laws of the Commonwealth of Pennsylvania in 1923. The Organization operates programs for children and their families, in stressful situations, including, counseling, parenting education services, and short-term crisis nursery respite care.

<u>Use of Estimates</u>: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of Credit Risk: Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash, accounts receivable and investments. The Organization maintains its cash deposits with high credit-quality financial institutions that provide Federal Deposit Insurance Corporation coverage up to \$250,000. The Organization's investment portfolio is managed by the trust department of a commercial bank. Investments are diversified among issuers.

The Organization's accounts receivable consist of unsecured amounts due from program participants and funding sources whose ability to pay is subject to changes in general economic conditions. The Organization performs on-going credit evaluations of its program participants and funding sources and generally does not require collateral. The Organization records an allowance, when necessary, for potential credit losses.

<u>Cash and Cash Equivalents</u>: For purposes of the Statements of Cash Flows, the Organization considers all short-term debt securities purchased with a maturity of three months or less to be cash equivalents.

<u>Investments</u>: Investments in debt securities, equity securities and mutual funds are measured at fair value on a recurring basis. The fair values of investments are based on quoted prices from national security exchanges.

Investment income or loss (including gains and losses on investments, interest, and dividends) is included in the Statements of Activities as increases or decreases in unrestricted net assets unless the income or loss is restricted by donor or law. Dividend income is recorded based upon the ex-dividend date; interest income is recorded as earned on an accrual basis. Changes in fair values are reported as investment gains (losses) in the periods of change. Realized gains and losses on sales of investments are determined on the specific-identification basis.

All investment securities are exposed to various risks such as interest-rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Summary of Significant Accounting Policies (Continued)

<u>Accounts Receivable</u>: Accounts receivable consists of amounts due from individuals and third-party payers for counseling services. Payments are expected within 30 days from the dates on which services were provided. Outstanding balances are non-interest bearing.

Accounts receivable for counseling services are recorded net of an allowance for expected losses when necessary. The allowance is estimated from historical performance and projections of trends. At June 30, 2013 and 2012, allowances for doubtful accounts were not necessary.

Balances outstanding over 180 days are considered uncollectible and are charged against the allowance for doubtful accounts.

<u>Promises-to-Give</u>: Unconditional promises-to-give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises-to-give that are expected to be collected in future years are recorded at the present value of their estimated, future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises-to-give are not included as support until conditions are substantially met.

<u>Property and Equipment</u>: Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Upon retirement or sale, the costs and accumulated depreciation of such assets are removed from the accounts, and any resulting gain or loss is included in the determination of net income. Expenditures for maintenance and repairs which neither materially add to the value of the property nor appreciably prolong estimated useful lives are charged to expense as incurred.

<u>Split-Interest Agreements</u>: Gifts received under the terms of trust or other arrangements in which the Organization has a beneficial interest but is not the sole beneficiary are accounted for as split-interest agreements. Such agreements include perpetual trusts held by third-parties, charitable remainder trusts, and charitable gift annuities. The time period covered by these agreements is expressed either as a specific number of years (or in perpetuity) or as the remaining life or lives of an individual or individuals designated by the donor.

Under such arrangements, the assets are invested and administered by the Organization, a trustee, or a fiscal agent, and distributions are made to beneficiaries during the terms of the agreements. At the end of the said terms, the remaining assets covered by the agreements are either distributed to or retained by either the Organization or other beneficiaries.

In the absence of donor-imposed conditions, the Organization recognizes contribution revenue and related assets and liabilities when irrevocable, split-interest agreements naming the Organization as trustee or fiscal agent are executed or, when the Organization is notified of the agreements' existence, as in cases in which an unrelated third-party (such as a bank) acts as trustee.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Summary of Significant Accounting Policies (Continued)

Split-Interest Agreements (Continued): Contribution revenues recognized under split-interest agreements are classified as increases in unrestricted, temporarily restricted or permanently restricted net assets based on the donors' instructions in the underlying agreements. During the terms of the agreements, changes in the values of split-interest agreements are recognized in the Statement of Activities as "change in values of split interest agreements" and classified as unrestricted, temporarily restricted or permanently restricted based upon the classifications when the contributions were initially recognized. Upon terminations of the agreements, asset and liability accounts related to the split-interest agreement are closed, and any remaining amounts are recognized as changes in the values of split-interest agreements and classified in the appropriate, net-asset category.

<u>Endowment Funds</u>: The Organization is the beneficiary of certain endowment funds including those established by the Organization on its own behalf and a donor-restricted endowment fund. Net assets associated with the endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Commonwealth of Pennsylvania has not enacted a version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). Relevant law for reporting of endowment funds is provided in Pa. C.S. Section 5548, *Investment of Trust Funds*. The Board of the Organization has interpreted the Commonwealth of Pennsylvania state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment fund, absent explicit donor stipulations to the contrary.

The Organization classifies as permanently restricted net assets the original values of gifts donated to the donor-restricted endowment fund. Investment income from the donor-restricted endowment fund is unrestricted and available to support the operations of the Organization. Net appreciation on the donor-restricted endowment fund is reported as a change in unrestricted net assets.

The Organization has established community foundation endowment funds to provide endowments for the benefit of each of its counseling centers. Under these arrangements, the Organization has transferred assets to a third-party recipient and has specified itself as the beneficiary. This type of transfer is considered reciprocal in nature, and thus, does not represent either a contribution to the third-party recipient or an equity transaction.

Under these arrangements, the third-party recipient has retained variance power over contributions received from other donors. Variance power provides the third-party recipient with the discretion to redirect contributions to the benefit of a beneficiary other than that named by the donor. As a result, the Organization does not recognize such contributions until such time as a distribution is received or is unconditionally promised by the third-party recipient.

Investment income from the community foundation endowment funds is recognized as a change in unrestricted net assets. Transfers to and distributions from the endowment funds are recognized as components of change in values of endowment funds.

#### NOTES TO FINANCIAL STATEMENTS

### Note 1. Summary of Significant Accounting Policies (Continued)

Support and Revenue: Contributions received and unconditional promises-to-give are measured at their fair values and are reported as increases in net assets. The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor's restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statements of Activities as net assets released from restrictions. Donor-restricted contributions, the restrictions of which are met in the same reporting period, are reported as unrestricted support.

The Organization reports gifts of materials and equipment as unrestricted support unless explicit, donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit, donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

The Organization receives a significant portion of its support under grants from government agencies as discussed in Note 2. Typically, the Organization receives a fee for individual units of service, up to a preapproved amount, plus any subsequent funding. A significant reduction in the level of government revenue could have an adverse effect on the Organization's activities.

Revenue from fundraising activities or special events, which are not considered on-going, major or central activities of the Organization, is reported in the Statements of Activities, net of direct costs.

<u>Donated Materials and Services</u>: Materials and other assets received as donations are recorded and reflected in the accompanying financial statements at their fair values at the dates of receipt.

Contributed services are reported as contributions at their fair values if such services create or enhance nonfinancial assets, would have been purchased if not provided by donation, require specialized skills, and are provided by individuals possessing such specialized skills.

<u>Compensated Absences</u>: The Organization has accrued a liability for paid time off for vacation, sick, and personal leave available to its employees at year-end. Employees are allowed to carry over unused paid time off earned during the year. If employees accumulate more than 80 hours of unused paid time off for vacation in one year, the excess paid time off, up to a maximum of 1,440 hours, is reserved and can be used only in the case of prolonged illness or other disability. The remaining unused portion for each year may be carried over and accumulated until the employees retire or are otherwise terminated.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Summary of Significant Accounting Policies (Continued)

Advertising Expense: The Organization expenses advertising costs as incurred.

<u>Income Taxes</u>: The Organization is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code. Consequently, the Organization will not incur any liability for Federal income tax, except for tax arising from unrelated business income.

Management has assessed the Organization's exposure to income taxes at the entity level as a result of uncertain tax positions taken in current and previously-filed tax returns. Examples of uncertain tax positions taken at the entity level include the continuing validity of the Organization's exempt status and the prospect of being subject to the filing requirement for unrelated business income. Presently, management believes that it is more likely than not that the Organization's uncertain tax position will be sustained upon examination, including any appeals and litigation, and consequently, the Organization has no exposure to income tax liabilities arising from uncertain tax positions. The Organization is subject to routine audits by taxing jurisdictions; however, no audits for any tax periods are currently in progress. Management believes the Organization is no longer subject to income tax examinations for years ended prior to June 30, 2010.

<u>Functional Allocation of Expenses</u>: The costs of providing the Organization's various programs and activities have been summarized on a functional basis in the Statements of Functional Expenses. Accordingly, the Organization's expenses have been allocated among the programs and supporting services benefited.

<u>Subsequent Events</u>: In preparing the financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through October 17, 2013, the date the financial statements were available to be issued.

#### Note 2. Funding

The Organization receives a significant portion of its support under government grants from the U.S. Department of Health and Human Services, passed through the Pennsylvania Department of Public Welfare and the County of York and from the Pennsylvania Medical Assistance Program. For the years ended June 30, 2013 and 2012, 35% and 42%, respectively, of non-investment and fundraising support and revenue was comprised of pass-through government grants.

#### NOTES TO FINANCIAL STATEMENTS

### Note 6. Beneficial Interest in Perpetual Trusts

The Organization is the beneficiary of several perpetual trusts, which are administered by third-party trustees. Under the terms of these arrangements, the Organization has the irrevocable right to receive the income earned on the trust assets in perpetuity, but it will never receive the assets held in trust. None of the underlying trust agreements place any restrictions on the use of the income. The Organization has recorded its beneficial interest in these trusts at the fair value of the trust assets at the time it was notified of the trusts' existence. The contributions have been recognized as permanently restricted support. Distributions from the trusts are reported as unrestricted investment income. Increases and decreases in the fair values of the trusts' assets are recognized as permanently restricted gains or losses. The fair values of the trusts' assets totaled \$632,236 at June 30, 2013, and \$599,196 at June 30, 2012. Income from the perpetual trusts for the years ended June 30, 2013 and 2012, consists of the following:

	2013	2012
Interest and dividends	\$ 17,879	\$ 17,178
Net unrealized gains (losses)	 33,040	(21,498)
	\$ 50,919	\$ (4,320)

#### Note 7. Charitable Remainder Trusts

The Organization has been named as remainder beneficiary in various charitable remainder trusts. Under these arrangements in which the Organization has been named as Trustee, the Organization recognizes the fair values of the assets received and records a liability to the specified lead beneficiary for the present value of the estimated future payments to be distributed over the beneficiary's life or other specified time period (Note 12). Any differences between the assets and liabilities recognized are recorded as contributions which increase temporarily restricted net assets. Investment income, including realized and unrealized gains and losses, resulting from these arrangements is recognized as a change in temporarily restricted net assets. In instances where the Organization is not the Trustee and does not exercise control over the assets contributed to the trust, the agreements are recognized as beneficial interests in trust. Upon terminations of the agreements, the related assets and liabilities are closed and any remaining balances are reclassified to unrestricted net assets. Assets held in charitable remainder trusts at June 30, 2013 and 2012, consist of the following:

	 2013	2012
Trusts in which Children's Aid Society is named as trustee	\$ 12,422	\$ 12,422
Trusts held by third-party trustees	 7,059	 7,066
	\$ 19,481	\$ 19,488

The underlying assets of the trusts are managed by various trust departments and foundations. Assets are diversified among issuers.

The net decreases in values of these trusts were \$7 and \$985 for the years ended 2013 and 2012, respectively.

### NOTES TO FINANCIAL STATEMENTS

#### Note 8. Endowment Funds

The Organization's endowment funds at June 30, 2013 and 2012, consist of the following:

#### NOTES TO FINANCIAL STATEMENTS

#### Note 9. Other Investments

The Organization is the owner of cash-value life insurance policies on individuals. Premiums payable under the insurance policies are paid by the insured and recognized as unrestricted contributions by the Organization. The Organization will receive the policies' face values upon the deaths of the insured or the accumulated cash values upon the terminations of the policies. The face values of the insurance policies were \$37,863 at June 30, 2013, and \$236,914 at June 30, 2012. The accumulated cash values of the insurance policies were \$22,466 and \$156,174 at June 30, 2013 and 2012, respectively. Increases in the insurance policies' cash values are accounted for as temporarily restricted investment income. During the years ended June 30, 2013 and 2012, the increase in cash-surrender values of the life insurance contracts were \$16,296 and \$5,969, respectively.

#### Note 10. Notes Payable - Bank

The Organization has a line-of-credit agreement with Adams County National Bank (ACNB). Advances on the line are payable on demand and bear interest at the Wall Street Prime Rate plus 1.00% (4.25% as of June 30, 2013), with a floor of 4.50%; interest is payable monthly. The line-of-credit is collateralized by the Organization's Investment Management Account held by ACNB. On March 22, 2012, the Organization entered into a Change of Terms Agreement to reduce the available amount of the line-of-credit from \$225,000 to \$50,000. As of June 30, 2012, the Organization had no outstanding advances. Interest expense related to the line-of-credit was \$-0- and \$6,179 for the years ended June 30, 2013 and 2012, respectively.

### NOTES TO FINANCIAL STATEMENTS

## NOTES TO FINANCIAL STATEMENTS

#### Note 12. Obligations Under Trust and Annuity Agreements

The Organization has entered into agreements with donors in which the donors have contributed assets to the Organization in exchange for a promise by the Organization to pay a fixed amount for a specified period of time to the donors or other designated beneficiaries. These arrangements include charitable remainder trusts and gift annuities. Assets received under charitable remainder trusts are held by a trust. Assets received under charitable gift annuities are held as general assets of the Organization. However, state regulations require that a certain percentage of the outstanding annuity liability be maintained as a minimum reserve for protection of the annuitants. A corresponding annuity liability is recognized at the present value of the estimated future payments to be made to the donors. Any differences between the assets and liabilities recognized are recorded as unrestricted contributions. Changes in the present values of the estimated future payments to be made to the donors that result from amortization of discounts or changes in actuarial assumptions are recognized in the Statements of Activities as change in values of split-interest agreements in temporarily restricted net assets. Upon terminations of the agreements, the related assets and liabilities are closed and any remaining balances are reclassified to unrestricted net assets.

Obligations under trust and annuity agreements at June 30, 2013 and 2012, consist of the following:

	2013	2012
Charitable gift annuities	\$ 15,836	\$ 16,523

#### NOTES TO FINANCIAL STATEMENTS

#### Note 13. Fair Value Measurements

The Organization follows the provisions of the *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, for fair-value measurements of financial assets and financial liabilities. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Organization's financial assets that are recorded at fair value on a recurring basis consist of investments in marketable securities, beneficial interests in perpetual trusts and charitable remainder trusts, endowment funds and the cash values of life insurance policies. The Organization's financial liabilities consist of obligations under trust and annuity agreements which approximate fair value. The Organization has no non-financial items that are recognized and disclosed at their fair values on a recurring basis.

ASC 820 establishes a three-level, fair-value hierarchy that describes the inputs that are used to measure the fair values of respective assets and liabilities:

<u>Level 1</u>: fair values are based on quoted prices in active markets for identical assets and liabilities.

<u>Level 2</u>: fair values are based on other significant observable inputs that include: quoted market prices for similar assets or liabilities; quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full terms of the assets.

<u>Level 3</u>: fair values are calculated by the use of price models and/or discounted, cash-flow methodologies, and may require significant management judgment or estimation. These methodologies may result in a significant portion of the fair values being derived from unobservable data.

The following tables set forth, by level within the fair-value hierarchy, the Organization's financial assets at fair value as of June 30, 2013 and 2012:

Financial Assets at Fair Value as of June 30, 2013
